

Sickness/Misadventure Application Form

ATAR Course Examinations: 2018

Before completing a *Sickness/Misadventure Application* form please read the following information carefully:

- Has your performance in an ATAR course examination been affected by a temporary sickness, non-permanent disability or unforeseen misadventure suffered immediately before or during the examination period? (For Physical Education Studies and Dance practical candidates this includes a severe injury sustained after the start of Term 3, but still existing during the practical examinations.)
- Were you prevented from attending an examination due to sickness and/or misadventure?

If you answered YES to either, or both, of these questions then you should complete this form. The circumstances must have been beyond your usual control. A claim cannot be made for courses entered as a non-school candidate.

If your difficulties in sitting the ATAR course examination are the result of any of the reasons listed below, then your circumstances fall outside the Authority's policy and guidelines for sickness/misadventure.

- Difficulties in preparation or loss of preparation time – for example, as a result of sickness during Year 12 unless in the two weeks prior to your first written examination
- Alleged deficiencies in tuition
- Long-term illness such as asthma and epilepsy – unless you have suffered an acute episode of your illness during the examination period
- The same grounds for which you received special examination provision – unless you experienced additional difficulties during an examination session
- Misreading the examination timetable
- Misreading examination instructions
- Events related to your school assessment in a course
- Attendance at a sporting or cultural event during a written examination.

Refer to the *Year 12 Information Handbook 2018: Part 2* available on the Authority's website for further details.

If the application is accepted then an examination mark is calculated using your school assessment as a basis. The higher of the actual examination mark and the calculated examination mark becomes the examination mark that is given to you for that examination.

You will be notified of the outcome of your application through the student portal. This is the same location from which you will download your results. The notification will be available at the same time as your results. You will not be contacted in any other manner. No information will be available prior to the release of results.
