Online Year 11 equivalent studies applications

Schools may enrol a student in Year 12 if they consider that studies completed elsewhere indicate that the student has achieved the equivalent of Year 11 studies.

Schools should complete an online application for Year 11 equivalent studies for a Western Australian Certificate of Education (WACE). This applies to students who:

- are transferring into the WACE program at the start of a semester and who have completed the equivalent of one semester of Year 11 in Western Australia; or
- have completed studies at an international or interstate institution or through training equivalent to the completion of Year 11 in Western Australia.

This user guide is for school administrators who will create and submit a Year 11 equivalent studies application via the Student Records Management System (SRMS) portal and the principal or deputy principal who will certify the documentation to support this application.

The School Curriculum and Standards Authority (the SCSA) considers all applications submitted by schools through the SRMS portal.

If you have any queries about the online Year 11 equivalent studies application, contact the SCSA's Data Services team at dataservices@scsa.wa.edu.au.

Application timelines

Schools may complete a Year 11 equivalent studies application for students in Year 11 or Year 12.

The SCSA will process applications for current Year 12 students up to a week prior to the last date for the upload of Year 12 registration and demographic information in the [Activities Schedule](https://www.scsa.wa.edu.au/publications/activities-schedule) (<https://www.scsa.wa.edu.au/publications/activities-schedule>). After this date, the Student Information Records System (SIRS) database will be locked and will not accept any Year 12 achievements.

The SCSA will process **semester-long applications** for current Year 11 students **after Semester 1 has finished**.

The SCSA will process **year-long applications** for current Year 11 students, but these are not finalised until the students are **registered in Year 12**.

These applications for current Year 11 students will remain in **Pending Year 12 registration** status until the students are registered in Year 12, when they will update to **Approved** status and the block credit will be applied to SIRS.

Five steps for school administrator submission

To submit a Year 11 equivalent studies application, your SRMS account must be assigned the **School Equivalent Studies Administrator** role. This role can be assigned by the SRMS school administrator.

Step 1: Log in to the SRMS portal

Log in to the [SRMS portal \(https://srms.scsa.wa.edu.au\)](https://srms.scsa.wa.edu.au).

The first time you log in, click on and read the login instructions (highlighted below). Contact your school administrator if you have not received the email with the link.

Enter your work email address and password in the non-government school login panel.

Tick the check box (highlighted below) to show that you have read and understand the terms of use and privacy collection notice.

Click on the **Login** button (highlighted below) to enter the SRMS portal.

If you forget your password, click on **Forgot your password**.

Enter your work email address and tick the check box to confirm that you are not a robot. You will be prompted to select images as part of the verification process, and then you can choose another password.

Step 2: Create a Year 11 equivalent studies application

To create a Year 11 equivalent studies application, click on the **Equivalent Studies** tab and select **Create Equivalent Studies Application** from the drop-down list (highlighted below).

All students in Years 11 and 12 will be displayed in alphabetical order on the screen. Search through the alphabetical list to find the student who requires a Year 11 equivalent studies application.

Alternatively, search for that student with the **Filter students** function (highlighted below). Type in the student's **Given Name** and/or **Family Name**, or their WA **Student Number**, then click on the **Search** button (highlighted below) to select that student's details.

When you have selected the correct student, click on the **Create** button (highlighted below) next to that student's details.

Note: to rearrange the order of students' names displayed on the screen, click on the **arrow** (highlighted below) next to **Family Name**.

The 'Filter Students' section on the left contains input fields for Provider Code, Given Name, Family Name, and Student Number, along with 'RESET' and 'SEARCH' buttons. The 'SEARCH' button is highlighted with a red box. The main table has columns for Actions, Student Number, Given Name, Family Name, and Provider Code. The 'Family Name' column has a small red box next to it. The 'Actions' column contains 'CREATE' buttons for each row, with the first one highlighted by a red box.

Click on the arrows at the bottom of the screen to navigate from one page to the next.

 A screenshot of the pagination controls at the bottom of the screen. It shows '1 to 20 of 224' and 'Page 1 of 12' with navigation arrows.

If the student already has block credit of one semester or one full year of Year 11 equivalent studies, you will see the warning below and will not be able to start an application.

Refer to the SIRS report **CSE136** to confirm how much block credit has been granted to the student.

⚠ The item is not valid: Student No. Credit for Year 11 studies by Provider. has already been granted block credit. Please refer to SIRS Report CSE136 – Students with **x**

You will see the *Year 11 equivalent studies for a Western Australian Certificate of Education (WACE): Completion of the equivalent of senior secondary studies* introduction on the screen. Click on the **Next** button, then click on the **Next** button again to start an application. Complete all four sections of the application.
