Student registration and demographics

Contents

Note: screenshots are for illustration purposes only and may show a date prior to 2025.

4.1 Student registration requirements

It is a legislated requirement that all students from Pre-primary to Year 12 are registered with the Authority until the end of the year in which they turn 17 years and six months of age, regardless of their study program.

This requires each student to be allocated a unique identifier, i.e. an eight-digit Western Australian student number (WASN).

If you cannot find a student's WASN, check with their previous school or in SIRS (see section 4.2.1). If you still cannot find the student's WASN, email numbers@scsa.wa.edu.au with the student's legal family name, given name, date of birth and academic year to have one allocated.

Once the WASN has been provided, it can be uploaded as part of your student registration and demographics (SRGDG) file.

This also applies to students undertaking Flying Start programs, students at intensive English centres, or students at education support centres. Overseas students must also be registered if they are undertaking WACE courses.

4.1.1 Important dates

Refer to the home page of the SIRS website or the Authority website on the Activities Schedule page (https:/www.scsa.wa.edu.au/publications/activities-schedule) for the dates when the following information is required by the Authority:

- registration of Year 10, Year 11 and Year 12 students
- registration of Kindergarten to Year 9 students.

In addition to the initial uploading of the student registration and demographic file (SRGDG) in Term 1, schools are reminded that an updated student registration and demographic file (SRGDG) should be uploaded by the third week of Terms 2, 3 and 4.

4.1.2 Request to change student academic year

On occasion, students need to change their academic year and subsequently their enrolments in course units, VET units of competency and/or endorsed programs.

There are several processes that schools may need to follow, depending on the circumstances, e.g. where a student is in Year 10, 11 or 12 and wishes to move up or down a year. To request a change to a student's academic year for Years 11 and 12, download the *Request to change academic year* form available on the Authority website on the Application and Order Forms page (www.scsa.wa.edu.au/forms).

To request a change to a student's academic year for Pre-primary to Year 10, download the *Request to change academic year Pre-Primary to Year 10* form available on the Authority website on the Applications and Order Forms page (www.scsa.wa.edu.au/forms). The form is available for limited periods, according to the Authority's deadlines.

Note: changing academic year **cannot** be done by uploading the SRGDG file.

Student achievement must be reported for all learning areas for students from Pre-primary to Year 10, in line with the *Pre-primary to Year 10: Teaching, Assessing and Reporting Policy*.

Upon registration, schools should check SIRS for the student's previous school details and ensure they are enrolled to continue in the same academic year they were in at their previous school. This ensures students continue with their current year-level studies within the *Western Australian Curriculum and Assessment Outline*.

4.2   Request WASNs – Kindergarten

This process is to request Kindergarten WASNs only. As all students from Pre-primary to Year 12 are now registered in SIRS, blocks of numbers cannot be allocated for other academic years without checking to see if the record already exists in SIRS. To request numbers for students who are in other academic years, refer to **Search for WASNs in SIRS – other than Kindergarten**.

1. In the blue horizontal navigation bar, hover over the **Providers** tab.
2. Click on **Request Student Numbers** (see screenshot below).
3. The **Student Number Request Search** fields will appear (see screenshot below). Click on the **Add Request** button.

Section 4: Student registration and demographics

4. The **Student Number Request Details** fields will appear (see screenshot below). Enter the number of Kindergarten WASNs required.

5. Check the **Email** address is correct to ensure messages are sent to the right person (this information is populated from **Security>My Details**).
6. Click on the **Save** button. SIRS confirms the request by displaying the **Record successfully created** message as well as information in the **Requested By**, **Requested On** and **Status** fields (see screenshot below).

7. Check the details. If you need to make changes, make them, and click on the **Save** button again.
8. When the details are correct, click on the **Close** button to dispatch the request for processing. Alternatively, you can click on **Cancel Request**.

Note: the information descriptor **Numbers Sourced From** will be the calendar year the student would be entering Year 8 (i.e. Year 3 numbers requested in 2025 will show that the numbers are sourced from 2030).

The Authority approves WASN requests periodically. Wait for confirmation of the numbers sent as an attachment to your email address or through **Private Messages**, available from the home page of the SIRS website (see screenshot below).

You do not have to use all the allocated numbers. For any new students arriving later in the year, email numbers@scsa.wa.edu.au and provide the following details for each student: family name, given name, date of birth and academic year.

4.2.1 Search for requested WASNs in SIRS

1. In the blue horizontal navigation bar, hover over the **Providers** tab and click on **Request Student Numbers**.
2. The **Student Number Request Search** fields will appear. Click on the **Search** tab or the **Search Results** tab to display a list of requests (see screenshot below).
3. If **Processed** appears under the **Status** heading, the numbers have already been allocated. Click on the **document** icon to select a **Processed** request from the list under the **Status** heading.

Note: you can also click **EXPORT** to have the WASNs saved as a text file. This is useful if you have deleted the confirmation email that had the WASNs as an attachment.

4.3 Search for WASNs in SIRS – other than Kindergarten

If a student arrives at your school from another school in Western Australia, or from overseas/interstate, you can search in SIRS for that student's WASN. All you need is the student's family name, given name and date of birth.

Once your school registers the student in SIRS, you will be able to see the student's previous school. If the student's previous school was in Western Australia, you will need to send the transfer note to that school.

1. In the blue horizontal navigation bar, hover over the **Enrolments** tab.
2. Click on **Student Enrolment** and then on **Find Student Number** (see screenshot below).
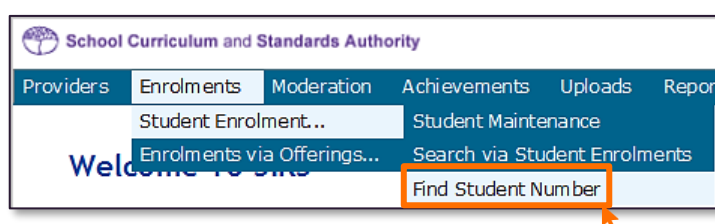

3. The **Find Student Number** fields will appear (see screenshot below). Enter the student's **Family Name**, **Given Name** and **Date of Birth**.

4. Click on the **Search** button. If the information you have entered exactly matches the information in SIRS, you will find a result even if the student is not at your school (see screenshot below).

If the details you have requested are different from the information in SIRS (e.g. date of birth is different, Jackie is spelt as Jacky etc.), no information will be found. In this case, email numbers@scsa.wa.edu.au and provide the student's given name, family name, date of birth, academic year and previous school, if known.

4.3.1 Troubleshooting: Search for WASNs in SIRS – other than Kindergarten

What happens if the requested information does not show up in the search?

Email numbers@scsa.wa.edu.au and provide the student's name, academic year and date of birth.

What happens if I enter calendar year 2024 as the Year Range?

Only students registered in the SIRS database for 2024 will be returned in the search. For the purposes of finding existing student numbers, it is recommended to leave the **Year Range** blank.

4.4 Student maintenance

Student details are uploaded into SIRS via the student registration and demographic file (SRGDG). Once the information is uploaded, it can be viewed in the **Student Maintenance** section in SIRS. These details can only be changed by uploading the relevant file. The following fields cannot be altered by uploading the SRGDG file:

- **Given Name**
- **Family Name**
- **Date of Birth**
- **Academic Year**.

To view student details:

1. In the blue horizontal navigation bar, hover over the **Enrolments** tab.
2. Click on Student Enrolment and then Student Maintenance. The Student Search fields will appear.
3. To view a **Student Record** (see screenshot below), you can either enter their:
   - name (Given Name and Family Name), or
   - Student Number (WASN).

Section 4: Student registration and demographics

4. Click on the **Search** button or the **Search Results** tab (see screenshot below) or press **Enter** on your keyboard.
A number of tabs sit under the **Student Maintenance** section of SIRS:

- **Student Summary**
- **Student Contact**
- **Previous Names**
- **Program Of Study**
- **Record Of Achievement**
- **Check WACE Eligibility**.

Note: the **Learning Program** tab shown in the following screenshots is no longer available in SIRS.

4.4.1 Student summary

This section contains the student's personal information, including equivalence information for Year 11 studies overseas/interstate and any visa/residency information (see screenshot below).

*Guides are available on the Authority website on the Year 11 equivalent studies page (https://www.scsa.wa.edu.au/sirs-and-srms-info/srms-information/year-11-equivalent-studies).

4.4.2   Student contact details

This section contains information about the student's telephone number and home and postal addresses (see screenshot below).

4.4.3   Previous names

This section contains information about a student's previous names, if this information has been provided to the Authority.

4.4.4   Program of study

This section shows all the course units, VET units of competency and endorsed programs that a student has been enrolled in via ENCOS, ENVET and ENEND upload (see screenshot below).

4.4.5   Record of achievement

This section will only show examination results once student results have been uploaded (see screenshot below).

4.4.6   Check WACE eligibility

This section shows which WACE eligibility criteria need to be met (see screenshot below).

4.5   Recording student registrations

Data can be entered into school database systems, including, but not restricted to, Civica Maze, Administration of Schools (AoS), Reporting to Parents (for most public schools), SEQTA and Synergetic. To find out how to record data in these systems, contact the software supplier or refer to Database programs for relevant links.

If your school records data using Excel, the data must be formatted correctly. Failure to format data correctly will prevent the data from being uploaded into SIRS. Refer to the following instructions on how to set up a database to record student registration and demographic information.

4.6 Setting up an Excel database for student registration and demographics

Schools that use Excel as their database to enter student registration and demographic information are required to lay out data in a specific format to ensure it can be uploaded into SIRS.

The screenshot above shows a section of the required format for the student registration and demographic database in Excel. For example, the **Record Type** is required in Column A, the **Provider Code** is required in Column B etc. One row of information must be provided for each student.

The layout requirements for all columns in a student registration and demographic Excel database are specified in Table 11. Refer to the notes below this table (under the heading **SRGDG column details**), which provide specific information requirements for each column. Screenshots of all required columns are included following the table.

Notes:
- Once the database has been formatted and data entered into the Excel document, the header row must be removed, and the document saved as a **.CSV** or an **.SCSV** file before it can be uploaded into SIRS. Failure to save in this format will prevent the data from being uploaded into SIRS.
- The file will not upload successfully if a mandatory field is left blank.

Notes to table

Formatting cells for date of birth

Excel may convert a date of birth entered as dd/mm/yyyy format to mm/dd/yyyy. This will prevent validation of the file.

Before entering the date of birth:

1. Click on the top of the required column to highlight the whole column.
2. Right-click the mouse.
3. Choose Format cells.
4. Click on the **Number** tab.
5. Under **Category,** click on **Date**.
6. Under **Type**, select the third entry from the top (14/03/2012 – without an *).
7. Click on the **OK** button.
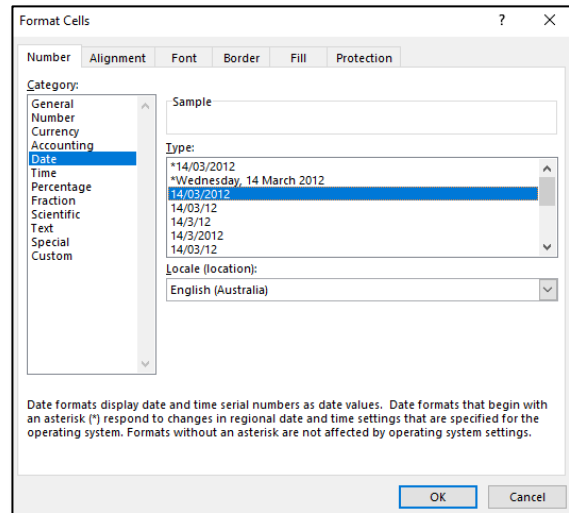

Leading zero in a number

To prevent Excel automatically removing a number that leads with a zero, such as a mobile number, you will need to format the cell.

To do this:

1. Click on the top of the required column to highlight the whole column.
2. Right-click the mouse.
3. Choose **Format cells**.
4. Click on the **Number** tab.
5. Under **Category,** click on **Text**.
6. Click on the **OK** button.
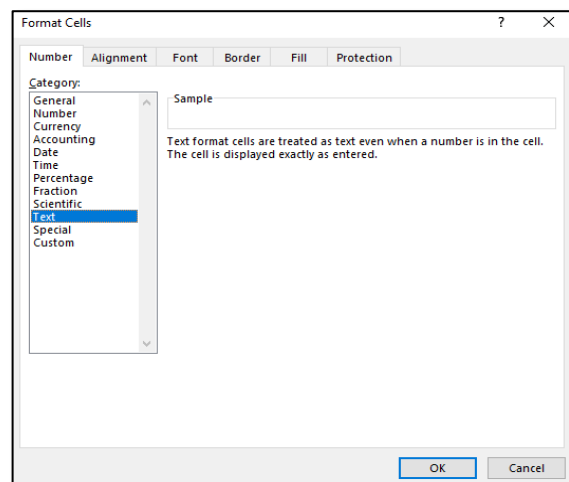

4.6.1   SRGDG column details

One row of information must be provided for each student.

Record type (Column A)

This is always SRGDG for this type of file.

Provider code (Column B)

The four-digit school code.

Note: a provider is a school or organisation authorised to offer the WACE.

Calendar year (Column C)

The current calendar year.

Allocation of a Western Australian student number (WASN) (Column D)

All students in Kindergarten to Year 12 require a WASN. This includes students who are currently attending the school, and those who have been enrolled at any time during the selected school year but have now left. It will not be possible to upload your SRGDG file until all students have been allocated a WASN in SIRS.

- **Kindergarten students**

  Schools are able to request WASNs for Kindergarten students directly from SIRS. Following this process, an email will be sent to the school with an attachment containing a list of numbers that can be allocated to students. This facility will be closed after Term 1 to prevent duplication of WASNs. WASNs for Year 7s will be requested by the Authority after student names have been checked for existing numbers.

- **Current roll students**

  WASNs for transferring students should be requested and entered at the point of enrolment.

- **Former students**

  Any former students who attended for more than one day within the school term should be included in the SRGDG file and must have a WASN.

- **Students who are new to the Western Australian education system**

  If the student is new to the school (i.e. arriving from another Australian state or country) and has not previously been allocated a WASN, the school will need to request a WASN by contacting the Authority at numbers@scsa.wa.edu.au.

- **Students who are transferring between Western Australian schools**

  If the student is new to the school (i.e. transferring from another Western Australian school) and has previously been allocated a WASN, it is the enrolling school's responsibility to follow up with the student's previous school and find out the missing WASN. This student must continue to use the WASN allocated by the previous school. Likewise, if a student was enrolled at your school and then left to enrol in another school, your school needs to ensure that the student is provided with their WASN.

Student title (Column E)

This is an optional field that will accept Miss, Mr, Mrs or Ms.

Student name format (Columns F, G, H, I)

Certificate name (Column J)

This is the name the student wishes to appear on their WACE and Western Australian Statement of Student Achievement (WASSA). If no **Certificate Name** is uploaded, the WACE and WASSA will print the **Given Name** and **Family Name** as uploaded.

Academic year (Column Z)

This must be entered as a two-digit integer, e.g. Year 8 = 08.

Australian residency status (Column AA)

Ensure that any student who is not recorded as a permanent resident has a visa subclass number recorded. The Authority uses the Australian residency status of students to determine eligibility to receive some awards.

For the Authority's purposes, a student is considered an Australian resident if they are a permanent resident and/or were born in Australia or New Zealand. There may be some instances where a student born in Australia whose parents are on a visa also has a visa subclass and is **not** a permanent resident.

In some cases, the residency status of a student could change if permanent residency has been granted. It is important that this is reviewed periodically.

Student fee status (Column AB)

This field refers to temporary residents of Australia, without local enrolment entitlement, who are considered overseas fee-paying students. This applies to students attending school in Australia under one of the temporary visa subclasses that are not specified in the Department's *Enrolment of Students from Overseas Schedule*. These include:

- visa subclasses 400, 500 (dependent on the sector and type of study), 570, 571, 572, 573, 574, 580, 590, 600, 601, 651, or
- bridging visa subclasses that have been granted to one of the above visas while an application for another visa is being processed.

Record one achievement per column and each type of achievement can only be entered once. The system will not accept three entries of Certificate I.

Further information is available on the Authority website on the Community Service page (https://senior-secondary.scsa.wa.edu.au/certification/wassa/community-service).

Visa subclass (Column BC)
All students not flagged as a permanent resident should have a visa subclass number recorded.

Arrival date (Column BD)
For students with a visa subclass number, the arrival date of entry into Australia is to be recorded.

VET USI (Column BE)
Schools can enter a student's VET Unique Student Identifier (USI) in this field and upload it as part of the SRGDG file. Any changes to the VET USI will require schools to upload a new SRGDG file. This number can then be viewed on the **Student Summary** screen in SIRS.

4.7   Saving data for upload into SIRS

Once all required information has been entered into a database, the data must be saved (or exported) as a **.CSV** or an **.SCSV** file before it can be uploaded into SIRS. Failure to save in this format will prevent the data from being uploaded into SIRS.

4.7.1   File naming

The file name convention is:

XXXXXSSSSTTYYY.csv

    where **XXXXX**   =   record type, e.g. SRGDG

    SSSS   =   the provider/school code, e.g. 4171

    TT   =   S1, S2, Y1 for semester or year-long data

    YYY   =   Y11, Y12 for Year 11 or Year 12 data

   **or** YUP for combined Year 11 and Year 12 data

Example

The file name of registration and demographic information of students from provider/school 4171 for Year 12 would be **SRGDG4171Y1Y12.CSV**.

4.8   Uploading data into SIRS

Once data has been saved as a **.CSV** or an **.SCSV** file, it can be uploaded into SIRS.

To upload student registration and demographics:

1. In the blue horizontal navigation bar, hover over the **Uploads** tab (see screenshot to the right).
2. Click on **Upload Students**. The **Upload Students** fields appear.
3. In Report Type, select SRGDG.
4. To locate the required file on your computer, click on the **Browse** button.
5. On a Windows operating system, the **Choose File to Upload** screen will appear. Navigate to the folder where the required file is stored and click on it.
6. Click on the **Open** button. The drive, folders path and file name will appear in the **File** field (see screenshot below).

C:\Users\galbl\Documents\SRGDG1234S1Y12.csv
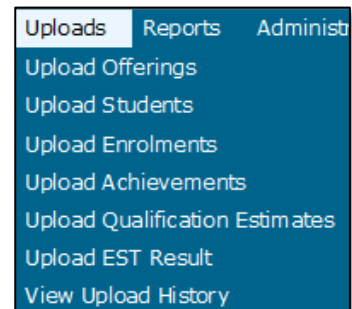

Note: for most **RTP/SIS government schools**

- the export path will be **K:\keys\integris\outbox**
- student registration and demographic files should follow the naming convention: **SRGDGssssY1YUP.csv**, where **ssss** is the school code and the correct academic year of students in the upload file has been included.

Note: the email address of the person uploading the file will automatically appear. SIRS will send an email message to this person to report the status of the upload.

7. Click **Upload File for Processing**, or you can click on the **Close** button to exit without continuing with the upload.

Note: you can check the progress of your upload in either your email inbox or in **Private Messages**, available from the home page of the SIRS website.

4.8.1   Email messages

Email messages are generated by SIRS and sent to the person uploading the file. These emails may have any of the following messages.

Successfully verified

The system will place the file in the queue for processing and you will receive another email regarding processing.

Successfully processed

The system has processed the file and there were no problems found.

Processed with warnings

This file has been processed, but the system has ignored certain records. Occasionally the warnings can be ignored, but some warnings must be dealt with if students' registrations and/or enrolments are affected.

> Example of a processed file with warnings message:
>
> The Student Registration and Demographic (SRGDG): SRGDG1234Y1Y11.csv has been successfully processed but has recorded the following warnings:
>
> Warning occurred on record: 12 (Student: 22082466: Black, Emma-May Date Of Birth 24/11/1998). The following errors were found in the record:
>
> - This record has been ignored as you are not defined in SIRS as the Main Provider of the Student. Only the Main Provider can update Student Registration details. If you are the Main Provider of the Student, you will need to contact the School Curriculum and Standards Authority to get this changed. If you are no longer the Main Provider of the Student, please adjust your records accordingly.
>
> Warning occurred on record: 3 (Student: 22298524: Smith, Chuck Date of Birth 31/03/00). The following errors were found in the record:
>
> - This record has been ignored as the academic year of student with student number 22298524 does not match with the current record. Please contact the Data Services at dataservices@scsa.wa.edu.au for further assistance.

Failed verification

The system is unable to verify the file and send for processing, as there are errors that need to be fixed. Check all error messages produced by SIRS (see example below) and try to resolve them.

> Example of a failed file verification message:
>
> The Student Registration and Demographic (SRGDG): SRGDG1234S2Y11.csv has failed verification due to the following errors:
>
> Error occurred on record 13 (Student: 22082466: Black, Emma-May Date Of Birth 07/08/1998). The following errors were found in this record:
>
> - Home Suburb OSBORNE PARK was not a valid Australian suburb with postcode 6019 in WA. Please check that the suburb is valid under 'Administration -> Suburb Postcode Search'.

Failed processing

The system was able to verify the file, but there were errors that prevented the information from being processed by SIRS.

> Example of a failed file processing message:
>
> The Student Registration and Demographic (SRGDG): SRGDG1234Y1YUP.CSV has failed processing due to the following errors:
>
> Error occurred on record 348 (Student: 29135377: Surname: Smith, Given Name: Chuck, Date Of Birth 26/10/2005).
>
> - Differing student details (Surname: Smith, Given Name: Chuck, Date Of Birth: 25/10/2005) already exists in the system with the specified student number: 29135377. Contact Data Services at dataservices@scsa.wa.edu.au to get this changed.

Check all error messages produced by SIRS and try to resolve them. To assist you with resolving errors, refer to Troubleshooting in this section. If the issue has not been resolved, contact the Data Services team at dataservices@scsa.wa.edu.au

4.8.2   Upload confirmation

You can expect a message reporting the progress of your file upload within 15 minutes in either your email inbox or in **Private Messages**, available from the home page of the SIRS website. Processing time depends on the number of files already queued in the system as well as the size of the files to be processed.

Note: if you successfully upload a file with data that already exists in SIRS, data from the latest file will replace the previous values.

Your **Upload Status** (available on the home page of the SIRS website) will also change once a file has been successfully uploaded (see screenshot below).

See the table below for a key to the **Student (SRGDG) Upload Status** symbols.

Table 12: Section 4 – Upload symbols key

Icon	Meaning
	Successful upload
	Data not uploaded successfully
	Time to update data in SIRS – re-upload
	Processed with warnings
	Your school may not have data for this section
	Locked to schools – no further uploads to the SIRS database

4.9   Troubleshooting

Some of the common error messages that arise when uploading the SRGDG file are listed below. Against each error message are suggestions to assist in resolving these issues.

Table 13: Section 4 – Common error messages for the SRGDG file upload and possible solutions

Example error messages	How to resolve the problem
25035625 is not a valid student number	If the WASN has been mistyped in the school's database, correct the data, generate a new file and try the upload again. If the Authority has provided the number, contact Data Services to resolve this error.
Academic Year 13 must be a number between K and 12	The academic year must be a value between K and 12. Check the data in your school system's database, generate a new file and upload the file again.

Example error messages	How to resolve the problem
Another student already exists in the system with the specified student number: 19105959	Either another student is already registered under the specified number, or the same student is registered under the specified number but with a different date of birth. Call the SIRS helpdesk to resolve this problem.

Section 4: Student registration and demographics

Example error messages	How to resolve the problem
Record type must be: SRGDG Note: usually followed by a number of other error messages for each record in the file	You are uploading a file that is not an SRGDG file; however, at the time of upload, you selected this as your upload type. It is possible that you have either selected the wrong file to upload or selected the wrong upload type. Check what you are uploading and select the appropriate upload type for the file. Note: this error also occurs if your file is saved as an **.XLS** file instead of a **.CSV** or an **.SCSV** file.
Student identified by number: 24373211 has a name other than specified: xxx, yyy	The student's name is different from the one in SIRS. Check the student's details in your school's database, generate a new SRGDG file and upload it again to update the name of the student. If the student has changed their name or there is an incorrect spelling, contact the Authority via email to make these changes.
Student number not specified	The WASN is missing. Check the data in your school's database, generate a new file and upload the file again. If the student does not have a number, contact the Authority to request one.
The number of columns for this file must not be less than 61. Make sure the uploaded file is a valid file in either SCSV, CSV or fixed length format and matches with the selected type of Student Registration (SRGDG)	You are uploading a file that is not in **.CSV** or **.SCSV** fixed length formats. If you have opened the file previously in Excel, then it is likely the file is saved in Excel format. Reopen the file in Excel, select File, Save As and select the Save As type as either a **.CSV** or an **.SCSV** file, save the file and upload it again. This error can also occur when the final column is expected to have information in it, but nothing has been entered. This error can be overcome by entering a space using the spacebar into the column for each student.
The specified student's previous name is being ignored, as it is exactly the same as student name specified in this record	You are submitting an SRGDG file that contains a student with a previous name the same as their current name. In this instance, SIRS will not process the previous name of the student; however, all other records in the file have been processed, including any other changes to this student record. This is a warning message only and, in most cases, can be ignored.
This record has been ignored, as you are not defined in SIRS as the Main Provider of the Student. Only the Main Provider can update Student Registration details. If you are the Main Provider of the Student, contact the Authority to get this changed	You are trying to upload student registration or demographic data when you are not defined in SIRS as the Main Provider. Your file has been processed, but this record was ignored, as only the Main Provider can update student details. If you are the Main Provider of the student, as the student has recently transferred to your school, contact Data Services to resolve this issue. Not being the Main Provider of a student will not prevent you from enrolling the student into offerings or providing an achievement.
We are unable to process this record as the last date for demographic changes (13/11/2020) to Year 12 for 2020 has passed. Contact the Authority if you still need to make changes to your students' data	You are trying to upload student registration or demographic data after the last date for changes to Year 12 student data has passed. You will be unable to upload this file and must contact the Authority if you need to make changes to your student's records. The database is generally only locked for Year 12 uploads in late November/early December each year.

Example error messages	How to resolve the problem
Invalid arrival date: 4072008	You are uploading data with students who have visa subclass information, and the arrival date is in an incorrect format. Format as either dd/mm/yyyy or as text and ensure there is a 0 in front of any single-digit date.
Arrival date not specified	You are trying to upload data where there is visa subclass information in column BH, but there is no arrival date. The system will always look for an arrival date where there is visa subclass information.
