Of these 23879 Year 12 students, 21939 were eligible to graduate.

New graduation requirements were introduced in 2012 and these can be found at [http://www.scsa.wa.edu.au/internet/Senior\\_Secondary/The\\_WACE/WACE\\_Requirements/WACE\\_Requirements\\_2012](http://www.scsa.wa.edu.au/internet/Senior_Secondary/The_WACE/WACE_Requirements/WACE_Requirements_2012)

## Interpreting data tables

The data tables are about the achievement of students at schools and should not be used to draw simplistic conclusions about the performance of schools. The following general qualifiers should be recognised:

- Many factors affect student achievement, some of which are outside the control of schools. These include differences in ability, cultural and language background, educational background of parents and economic differences.
- No single table or data source should prevail in drawing conclusions about the performance of students at schools. A more realistic picture is gained from a composite view of all tables.
- The statistics of a single year should not be considered in isolation, rather the trend or pattern over a number of years should be considered.
- Small numbers of candidates at a school can bias inferences, particularly with percentages.

The data that will be of interest to the community are the proportions, at each school, of:

- all students who achieved a Western Australian Certificate of Education (WACE).
- students who sat the WACE course examinations and who achieved a WACE course score of 65 and above.
- students who sat the WACE course examinations and who achieved a WACE course score of 75 and above.
- vocational education and training (VET) students who completed 220 or more nominal hours of VET.
- VET students in a school who completed at least one AQF VET Certificate II or higher qualification.

There are three sets of tables presented.

1. The first set of tables identifies first 50 schools, in rank order, for each of the last four criteria mentioned above.
2. The second set of tables list all schools, in alphabetical order, for each of the criteria mentioned above, plus WACE course unit completions for each school, WACE course unit achievements at Stage 2 and Stage 3 for each school, schools with the highest achieving students in each Stage 2 and Stage 3 WACE course, VET qualifications achieved for each school and endorsed program completions for each school.
3. The third set of tables presents the Year 12 State statistics for 2012.

# **Achievement Tables**

**2012**

## 2012 Student Achievement Tables

The following tables present a number of different ways to represent the relative achievements of students at different schools. These tables do not contain information about the 'value adding' of schools to each of their students over their years of senior secondary schooling. A school may appear in none of these tables but may have improved, significantly beyond expectation, the achievements of its students during these years.

Each way of presenting data has its limitations, and conclusions drawn from these tables must be made cautiously. For example, and in relation to the 75+ table, a school may have a large number of students with WACE course scores of 74, but no students with a WACE course score above 74, and hence the school will not appear in this table. Thus, failure to appear in this table does not imply that students at this school have not performed well.

### **1. First 50 WACE course examinations schools (WACE Stage 3 course score of 75+)**

This statistic is based on the count of Stage 3 courses in a school where a WACE course score of 75 or above was achieved. This count of courses takes into account students who achieved at this level in one or several courses (e.g. a student who achieved four WACE course scores above 75 is included in the calculation four times). This count is then converted to a percentage of the total Stage 3 courses examined at the school.

The table recognises schools which have a high proportion of students who have achieved the excellent standard in a WACE course - i.e. a WACE course score of above 75.

Schools with less than 20 full-time eligible Year 12 students or with less than 50 Stage 3 unit pairs are not included.

### **2. First 50 WACE course examinations schools (WACE Stage 3 course score of 65+)**

This statistic is based on the count of Stage 3 courses in a school where a WACE course score of 65 or above was achieved. This count of courses takes into account students who achieved at this level in one or several courses (e.g. a student who achieved four WACE course scores above 65 is included in the calculation four times). This count is then converted to a percentage of the total Stage 3 courses examined at the school.

The table recognises schools which have a high proportion of students who have achieved the excellent or high standard in a WACE course - i.e. a WACE course score of above 65.

Schools with less than 20 full-time eligible Year 12 students or with less than 50 Stage 3 unit pairs are not included.

### **3. First 50 VET schools – participation**

This table shows the percentage of students in a school who completed at least 220 nominal hours of VET. Schools are ranked according to the percentage of students who have completed 220 hours or more. This level of participation equates to the time required to complete four WACE course units.

Schools with less than 20 full-time eligible Year 12 students or with less than 10 students enrolled in at least 1 VET unit of competency are omitted.

#### **4. First 50 VET schools – achievement**

This table shows the percentage of VET students in a school who completed at least one Australian Qualifications Framework (AQF) VET Certificate II or higher qualification. Schools are ranked according to the percentage of students who have completed at least one AQF VET Certificate II or higher qualification.

Schools with less than 20 full-time eligible Year 12 students, or with less than 10 students enrolled in at least 1 VET unit of competency, are omitted.

## First 50 VET Schools – participation

This table displays schools with the largest proportions of senior secondary students undertaking a significant VET program. For the purpose of this table 220 or more nominal hours of VET is considered a significant VET program.

A 'VET qualification' is a nationally recognised training qualification which is comprised of groupings of units of competency developed by industry.

### Number of full-time eligible students

This column refers to the number of full-time Year 12 students in the school who are eligible to graduate.

### 220 or more nominal hours

This column refers to the of full-time Year 12 students in the school who are eligible to graduate and who have completed 220 or more nominal hours of VET.

### %

This column refers to the percentage of full-time eligible Year 12 students in the school cohort who have completed 220 or more nominal hours of VET.

Schools with less than 20 full-time eligible Year 12 students or with less than 10 students enrolled in at least 1 VET unit of competency are omitted.

The data in this table are about the achievement of students at schools and should not be used to draw simplistic conclusions about the performance of schools. The following general qualifiers should be recognised:

- Many factors affect student achievement, some of which are outside the control of schools. These include differences in ability, cultural and language background, educational background of parents and economic differences.
- No single table or data source should prevail in drawing conclusions about the achievement of students at schools. A more realistic picture is gained from a composite view of all tables.
- The statistics of a single year should not be considered in isolation, rather the trend or pattern over a number of years should be considered.
- Small numbers of candidates at a school can bias inferences, particularly with percentages.

## First 50 VET Schools – achievement

A 'VET qualification' is a nationally recognised training qualification which is comprised of groupings of units of competency developed by industry. A 'full VET qualification' refers to completion of the required number of units of competency for a particular qualification.

### Number of VET students

This column refers to the number of full-time eligible Year 12 students who were enrolled in at least one VET unit of competency.

### Achieved a Certificate II+ in Year 12

This column refers to the number of VET students in the school cohort who have completed at least one AQF VET qualification at Certificate II or higher.

### %

This column refers to the percentage of VET students in the school cohort who have completed at least one AQF VET qualification at Certificate II or higher.

Schools with less than 20 full-time eligible Year 12 students or with less than 10 students enrolled in at least 1 VET unit of competency are omitted.

### **student achievement data**

## Table 1: 2012 WACE achievement

The following notes provide definitions and explanations of each of the data columns in Table 1.

### **Number F/T eligible Year 12 students.**

This column provides the number of full-time eligible Year 12 students registered at the school.

A 'full-time' student is in Year 11 or 12 and has results for at least eight School Curriculum and Standards Authority course units (or equivalent) in the current year, and in addition is eligible to graduate. A 'result' in a course unit means the awarding of one of the grades A, B, C, D, E, or U (unfinished).

Achievement of a WACE signifies that a student has successfully met the breadth and depth, the achievement standard and English language competence requirements in their senior secondary schooling. For 2012 and beyond these requirements are:

#### **Breadth and depth**

Complete a minimum of 20 course units or the equivalent.

The 20 course units must include at least:

- four course units from English, Literature and/or English as an Additional Language or Dialect, studied during Year 11 and Year 12 (at least two of these units must be completed in Year 12)
- one pair of course units from each of List A (arts/languages/social sciences) and List B (mathematics/science/technology) completed in Year 12.

#### **Achievement standard**

Achieve a C grade average or better across the best 16 course units of which at least eight must be completed in Year 12.

P-Stage units, endorsed programs and/or VET credit transfer can reduce the required number of course units by up to six units.

#### **English language competence**

Achieve a C grade or better in any Stage 1 or higher course unit from English, Literature and/or English as an Additional Language or Dialect (except 1A and 1B for English as an Additional Language or Dialect).

For students who have not achieved a C grade in one of their English, Literature and/or English as an Additional Language or Dialect course units, schools will need to compare a selection of the student's work with the work samples provided by the Curriculum Council to verify the student has demonstrated the required standard.

#### **Number**

This column refers to the number of full-time eligible Year 12 students who completed graduation requirements. Graduation means 'achievement of a Western Australian Certificate of Education (WACE)'.

#### **Percentage**

This column expresses the number of students who graduated as a percentage of all students eligible to graduate.

#### *General Points*

- Schools with less than 20 full-time eligible Year 12 students are omitted.
- Canning College, Cyril Jackson Senior Campus, North Lake Senior Campus, Tuart College, Australian Technical Colleges, overseas schools, Schools of Isolated and Distance Education and primary schools are omitted.
- All Students totals and percentages refer to totals and percentages for all eligible Year 12 students

#### Stage 2 courses with WACE course score of 75 or more

These two columns provide the number of Stage 2 units pairs where a WACE course score of 75 or more was achieved and this number as a percentage of the total number Stage 2 unit pairs examined

### Stage 3 units

#### Number Stage 3 unit pairs examined

These columns provide the number of Stage 3 units pairs examined.

#### Stage 3 courses with WACE course score of 65 or more

## **Table 4a: 2012 schools with highest performing students in Stage 3 of each WACE course**

This table lists, for each WACE course/stage, an alphabetical sort of schools with the highest performing students.

The list is compiled from the percentage of students at each school who achieved a WACE course score of 75 or more in Stage 3 of that course. Depending on the number of schools teaching Stage 3 of the course, up to 15 schools with the highest percentage are listed. This list recognises the strength of achievement of schools in stage 3 of a particular course.

The list does not discriminate between schools with high or low enrolment in Stage 3 of the course. To be entered in this table, schools must have at least 10 students with a WACE course score in Stage 3 of the course. The WACE course listings do not include schools where less than 10% of students had WACE course scores of 75 or more.

WACE courses not listed have no eligible schools.

Schools with low enrolment may demonstrate anomalous results in any given year.

### *General Points*

- Schools must have at least 10 students with a WACE course score in the course/stage.
- Canning College, Cyril Jackson Senior Campus, North Lake Senior Campus, Tuart College, Australian Technical Colleges, overseas schools, Schools of Isolated and Distance Education and primary schools are omitted.

## **Table 5: 2012 Vocational Education and Training – participation and achievement**

This table gives a breakdown of student participation and achievement in VET. VET in schools is often delivered as an option in the mainstream curriculum, and offers students practical learning, introduces them to the world of work and provides employability skills.

An AQF VET qualification is a nationally recognised training qualification which is comprised of groupings of units of competency developed by industry. The achievement of an AQF VET qualification refers to completion of the required number of units of competency for the particular qualification.

The following notes provide definitions and explanations of each of the data columns in Table 5.

### **Number F/T eligible Year 12 students**

This column provides the number of full-time eligible Year 12 students registered at the school.

### **Completed at least one uoc in Year 12**

These columns refer to the number and percentage of full-time eligible Year 12 students who completed at least one VET unit of competency.

### **Completed at least 220 nominal hours of VET study in Year 12**

These columns refer to the number and percentage of full-time eligible Year 12 students who completed 220 or more nominal hours of VET in Year 12.

### **Completed Certificate I in Year 10 to Year 12**

These columns refer to the number and percentage of VET students in the school cohort who have completed an AQF VET Certificate I over years 10 to 12.

### **Completed Certificate II in Year 10 to Year 12**

These columns refer to the number and percentage of VET students in the school cohort who have completed an AQF VET Certificate II over years 10 to 12.

### **Completed Certificate III or higher in Year 10 to Year 12**

These columns refer to the number and percentage of VET students in the school cohort who have completed an AQF VET Certificate III or higher over Years 10 to 12.

#### *General Points*

- Schools with less than 20 full-time eligible Year 12 students or with less than 10 students enrolled in at least 1 VET unit of competency are omitted.
- Canning College, Cyril Jackson Senior Campus, North Lake Senior Campus, Tuart College, Australian Technical Colleges, overseas schools, Schools of Isolated and Distance Education and primary schools are omitted.

## Explanatory notes for the Year 12 State statistics report, 2012

These notes are provided to assist in the understanding of the parameters used by the School Curriculum and Standards Authority in the compilation of the Year 12 State Statistics for 2012 (STS009) statistical report. This report relates to the participation and achievement of Year 12 students.

### **STS009 – Year 12 State statistics**

This report consists of seven sections and can be downloaded from SIRS using the following pathway:  
reports > other reports > report type: statistics > report: Year 12 State statistics.

### **Section 1: Summary statistics**

#### **1a Student population**

This provides the number of Year 12 students who completed at least one course unit or equivalent and the number of 'repeaters', 're-enterers', overseas students and mature-age students.

Note: 'Completing' a course unit is defined as obtaining either a grade (A, B, C, D, or E) in the course unit or U notation.

'Repeaters' are Year 12 students who complete at least one course unit or equivalent in the year following first enrolment in Year 12.

'Re-enterers' are Year 12 students who complete at least one course unit or equivalent more than one year after first enrolment in Year 12.

'Mature-age' students were aged 19 or more on 1 March of the year in which their results were awarded.

#### **1b Western Australian Certificate of Education (WACE)**

This provides the number of full-time students who are eligible to graduate (eligible to achieve the WACE), achieve English language competence and who graduated (achieved the WACE).

The Western Australian Certificate of Education (WACE) is awarded to students who have successfully met the requirements for breadth and depth, the achievement standard and English language competence in their senior secondary schooling.

For 2012, these requirements were:

#### ***Breadth and depth***

Students must complete at least 20 units of which at least 10 must be from WACE courses.

- The 20 units must include at least:
  - four course units from English, Literature and/or English as an Additional Language/Dialect studied during Year 11 and Year 12 (at least two of these must be completed in Year 12) and
  - one pair of course units from each of List A (arts/languages/social sciences) and List B (mathematics/science/technology) in Year 12.

#### ***Achievement standard***

Students must achieve a C grade average or better across the best 16 course units of which at least eight must be completed in Year 12.

Preliminary Stage units, endorsed programs and/or VET credit transfer can reduce the required number of course units by up to six units.

*English language competence*

Students must achieve a C grade or better in any Stage 1 or higher course unit from English, Literature, and/or English as an Additional Language or Dialect (except 1A and 1B for English as an Additional Language or Dialect).

When students have not achieved a C grade in one of their English, Literature and/or English as an Additional Language or Dialect course units, schools may alternatively determine that a student has met the standard for English language competence through a review of samples of work by the student.

The detailed requirements for achievement of the WACE are provided in the information paper *The WACE – Your Guide to the Western Australian Certificate of Education, Statement of Results and Course Report 2012* and also on the Authority's website at [http://www.scsa.wa.edu.au/internet/Senior\\_Secondary/The\\_WACE/WACE\\_Requirements](http://www.scsa.wa.edu.au/internet/Senior_Secondary/The_WACE/WACE_Requirements).

It has been agreed, in consultation with stakeholders, that the percentage of graduating students is calculated from a base population consisting only of those full-time Year 12 students who could have achieved the WACE (if they had achieved at a suitable standard). The population of full-time students eligible to achieve the WACE is also used as a base when calculating the numbers of WACE examination students, course unit students and VET students.

*1c WACE course unit students*

This provides the number of full-time students who are eligible to achieve the WACE, and who obtained a grade of A, B, C, D or E (or a U notation in exceptional circumstances) in at least two course units. Also included is the number of these students who obtained a grade of A in at least one course unit.

Generally, students taking fewer than four pairs of course units at Stage 2 or Stage 3 in Year 12 are not able to obtain an ATAR, so they may be regarded as not aspiring to university study in the following year.

*1d WACE examination students*

This provides the number of students who are eligible to achieve the WACE, and who obtained four or more WACE course scores. Usually students aspiring to enter university need at least four scaled scores to obtain an ATAR. Also included is the number of these students who obtained a WACE course score of 75 or more.

*1e VET students*

This provides the number of full-time students eligible to achieve the WACE who enrolled in at least one VET unit of competency in Year 12.

Also reported are the number of students who achieved one or more VET qualification/s in Year 10, Year 11 or Year 12 and the number of students who achieved a Certificate II or higher in Year 10, Year 11 or Year 12.

Students in this category may also be included in category 1c or category 1d.

*1f Endorsed program students*

These students are defined as full-time students who are eligible to achieve a WACE, and who were enrolled in at least one endorsed program.

Also reported is the number of students who achieved a result in at least one endorsed program.

Students in this category may also be included in category 1c or category 1d.

### Section 2: WACE course units

Table 2 shows the distribution of full-time students eligible to achieve the WACE, by the number of course units completed by each student.

### Section 3: WACE course examinations

Table 3 shows the distribution of full-time students eligible to achieve the WACE, by the number of WACE course examinations sat by each student. Sub-totals show the number of students who sat the WACE examination (Stage 2 or Stage 3) in enough courses to obtain an ATAR (at least four) and the number who sat the WACE examination in less than four courses. The number of WACE course examinations sat by a student is defined as the number of WACE course scores obtained.

### Section 4: VET studies

VET credit transfer units of competency count towards achievement of the WACE. Where VET units of competency are integrated in Authority courses, they cannot be used to claim VET unit equivalents.

Table 4a shows the distribution of unit equivalents achieved for VET units of competency amongst full-time students eligible to achieve the WACE. A total of 55 nominal hours of VET credit transfer units of competency is equivalent to one course unit.

Table 4b shows the distribution of VET qualifications achieved amongst full-time students eligible to achieve the WACE. Students who have achieved more than one VET qualification will be counted as many times as they have achieved qualifications.

### Section 5: Endorsed programs

Endorsed programs count towards the achievement of the WACE.

Table 5 shows the distribution of unit equivalents achieved for endorsed programs amongst full-time students eligible to achieve the WACE. A unit equivalent of an endorsed program is equivalent to one course unit.

### Section 6a: Summary of students' results by grade for course units

Table 6a shows the number and percentage of Year 12 students awarded each of the grades (A, B, C, D and E) for each WACE course unit by gender. In addition, statistical tests have been carried out to compare the performance of males against females within the State.

Under the heading **better performing group** the following entries may be found:

Entry	Meaning
Males	In this course unit, males had higher grades than females.
Females	In this course unit, females had higher grades than males.
NS	The statistical test showed no significant difference between groups.
-	No test was carried out because there were not enough candidates.

### Section 6b: Summary of students' completions for P Stage course units

Table 6b shows the number of Year 12 students who completed P Stage course units by gender.

### Section 7: Summary of WACE course scores

Table 7 shows the distribution of WACE course scores achieved by students for each Stage 2 and Stage 3 course (i.e. pair of units).

This distribution is shown in two ways:

- i) summary statistics of mean, maximum, minimum and standard deviation of WACE course scores
- ii) counts and percentages of students with WACE course scores in each of the five achievement bands (or standards).
