## WACE Achievement Data 2018

## 2018 Outcomes

Set out below is achievement data from the third cohort of students (2018) who completed the Western Australian Certificate of Education (WACE) under the requirements introduced for 2016 onwards.

## Year 12 population

- 25974 Year 12 students undertook studies towards the WACE, an increase of 0.8 per cent on the 25954 students in 2017.
- In addition, in 2018, 2521 (3272 in 2017) 17-year-olds were on Notice of Arrangements and engaged in apprenticeships, traineeships, employment and/or training. These young people were not enrolled in schools.

## Secondary WACE achievement

- Of the 25974 Year 12 students, 24347 full-time students were eligible to achieve a WACE (24 332 in 2017).
- In 2018, 22293 ( 91.6 per cent) of eligible Year 12 students achieved a WACE. This compares to 22174 (91.1 per cent) in 2017. It should be remembered that the WACE is now significantly more rigorous as a result of the requirement for students to demonstrate minimum literacy and numeracy standards, attain a minimum number of 'C grades' and the completion of a Certificate II or higher for students not enrolled in ATAR courses.

## ATAR course examinations

- There were 13093 Year 12 students ( 53.8 per cent of Year 12 students who undertook full time studies towards the WACE) who sat four or more ATAR course examinations in 2018. In 2017, there were 13229 Year 12 students ( 54.7 per cent) who sat four or more ATAR course examinations. Students who sit four or more ATAR course examinations may be eligible for an ATAR.

## VET* qualifications

- In 2018, 14975 Year 12 students completed at least one VET qualification at Certificate II or higher in Years 10, 11 or 12, compared with 14774 in 2017.
- In 2018, 3654 students completed a Certificate III and 1021 students achieved a Certificate IV. The respective numbers in 2017 were 3692 and 957.
*VET qualifications, reported by schools, are not awarded by the School Curriculum and Standards Authority and need to be verified by sighting the relevant certificate.

## Literacy and numeracy (excluding international students)

- 22970 (94.3 per cent) of WACE eligible students demonstrated all three numeracy, reading and writing standards by the end of Year 12 compared with 22757 ( 93.5 per cent) in 2017.
- Of the 2018 Year 12 cohort, 8259 ( 33.9 per cent) satisfied all three standards through prequalification based on their Year 9 NAPLAN results and a further 14711 ( 60.4 per cent) achieved the standard by sitting the OLNA (in Years 10, 11 or 12). This improvement is due to the
sustained efforts of schools and their teachers across the State who have embraced the importance of students developing satisfactory levels of literacy and numeracy as part of the WACE.

## STEM Enrolments 2018

## Students enrolled in four or more ATAR examinations - 13096 students
